Announcement No. 1 / 2024

GWO Policy

RES is committed to providing quality GWO Basic Safety Training, GWO Basic Safety Training Refresher and GWO Basic Technical Training for customer in the wind turbine industry. RES's Top Management shall ensure that the following modules of GWO are delivered in accordance with GWO standards.

GWO Basic Safety Training and GWO Basic Safety Training Refresher courses:

- First Aid
- Manual Handling
- Fire Awareness
- Working at Height

GWO Basic Technical Training courses:

- Mechanical
- Bolt Tightening
- Electrical
- Hydraulic
- Installation

To accomplish this goal, RES will:

- Comply, implement and maintain RES's Quality Management System.
- Provide all physical resources needed for the delivery of all training programs.
- Hire, train and develop staff that are competent to deliver GWO Basic Safety Training, GWO Basic Safety Training Refresher and GWO Basic Technical Training.
- Continue to develop training and assessment tools and materials needed by the wind turbine industry.

Effective Date on January 22, 2024
